

Public Notice

COVID-19

Mescalero Tribal Fish Hatchery

In efforts to reduce the spread of COVID-19 Coronavirus, the Mescalero Tribal Fish Hatchery Department will be implementing additional public health measures. This will include the practice of social distancing. Avoiding close contact with others in groups larger than 10 is a vital way to protect our employees, customers and community.

The Mescalero Fish Hatchery Department will shut down ALL tours/visitor's until further notice. We will ONLY be allowing deliveries to be made for our day-to-day operations. Please feel free to contact our office by telephone at (575) 464-8768, fax (575) 464-3468 or email the hatchery at smelendrez@mescaleroapachetribe.com.

We are taking all precautionary measures to keep a safe and healthy environment for our employees and the community. Besides social distancing we have been cleaning and disinfecting the facility frequently and have sanitizer readily available. Keeping in mind the FIVE easy to follow measures:

1. Washing your hands often
2. Cough into your elbow
3. Don't touch your face
4. Keep distance
5. If you feel sick → STAY HOME

The Mescalero Fish Hatchery Department will keep you informed with future updates. Thank you for your patience. You can also follow us on Facebook.

Thank You

Tyner Cervantes
Chief Conservation Officer/Fish Hatchery Director
Mescalero Apache Tribe

A handwritten signature in black ink, appearing to read "Tyner Cervantes", is written over the printed name and title.
